GRAPH OPTIONS

ⓘ **CHECK METADATA AND SYMBOLS**
Metadata presents all relevant information to understand the data (such as sources, concepts, notes). The symbols used in GlobalStat are explained under ? Symbols.

☁ **EXPORT TABLES, METADATA AND GRAPHS**
Tables can be exported according to your individual choice or for the full collection of countries and years. Downloads include the metadata. Graphs are exported as images.

6 **SHARE ON FACEBOOK, TWITTER AND GOOGLE +**
Tables and graphics can easily be shared within social networks.

7 **LEARN MORE ABOUT A COUNTRY**
GlobalStat's entry page offers key indicators for each country. Countries can be selected in the drop down box on the left-hand side or in the search box on the right-hand side. A table with key indicators will provide more information on the country.
